You Can’t Stop What You Don’t Know!!!

Boozing, Doping, Smoking, Clothing & Synthetics

SPEAKER: OFFICER JERMAINE GALLOWAY

This class will really test your knowledge on the youth and adult alcohol and drug culture. The climate of drug and alcohol use is always changing, no matter the age level or demographic. Preventing alcohol and drug abuse can be difficult - if we don’t understand what we are dealing with. During the past year, new clothing, drugs, alcoholic drinks, music, and concealment methods have come to our communities. Along with these new trends, new “neighborhood drug-promoting stores” have also become more popular.

Knowledge is power. Knowing the local establishments and what a certain logo truly stands for, we can be ahead in the fight against drug abuse! This class will provide over 100 visual aids, along with photos, videos and detailed descriptions of the different items and trends.

Instructor Officer Jermaine Galloway – has been a law enforcement officer since 1997. Officer Galloway provides nationwide training to thousands of coalition members, law enforcement, probation officers, prevention personnel, youth, counselors, parents and educators on school and community substance abuse prevention.
